

CD Downloads for Cubbies and Sparks handbooks

Technology marches on and several years ago Awana discontinued providing a CD with the memory verses and other helpful materials in the Cubbie and Sparks handbooks. (Note: we can provide an actual CD that will play on a CD player to parents upon request.) The link shown on the front of the handbooks to access the CD files is currently not working very well. These files are also available for you to download from the following One drive cloud location and playback in a variety of ways.

https://1drv.ms/f/s!AuwRCKk_Mn6M7mwCK1rZtUbv9-4v

Select the folder for Cubbies *AppleSeed* or Sparks *HangGlider* as desired. These folders have a sub-folder with informational files in .pdf format and the audio files in .mp3 format which match the CD track numbers referenced in the handbooks.

Note: I was able to download files to a USB drive and my smart phone and play them on my car's sound system.
